

HOPES PUBLIC PRESS WILL DO ITS PART

PRESIDENT SENDS MESSAGE TO WORLD CONGRESS TUESDAY

Believes Press Can Do Much Toward Making Disarmament Conference a Success—Primary Purpose is the Opening of Men's Minds—Defines Phrase "The Pacific"

(By The Associated Press)
WASHINGTON, Oct. 11.—A hope that the public press throughout the world will do its part to promote international understanding and particularly to make easier the task of disarmament conference was expressed by President Harding in a message to the Press Congress of the World which began its sessions today at Honolulu.

In solving the problem of the Pacific, the president wrote, the press was in a position to wield a great and beneficent influence.

He declared it hard to imagine justifications for conflict among the peoples on opposite shores of the Pacific and added:

"The Pacific ought to be the seat of a generous, free, open-minded competition between the best ideals of eastern and western life, between the aspirations and endeavors of the oldest and newest forms of human society."

KU KLUX KLAN PROVES TRUTH OF OLD ADAGE

Organization Takes in Over Million Dollars

(By The Associated Press)

WASHINGTON, Oct. 11.—Digging into the activities of the Ku Klux Klan, the house rules committee developed by testimony today that the organization had taken in \$1,488,716 since its foundation, that the department of justice was still conducting an investigation of its own and that, according to the Klan's confidential information to field agents, the chief of police of Norfolk, Va., was a member.

Through news letters said to have been sent from Klan headquarters and not intended for general publication the statement was made that the Norfolk Klan had promised 260 rifles to the local order, in time of trouble and that Representative Upshaw, Democrat of Georgia, in whose home district the Klan was born, had been put to it to deny membership in the Klan and at the same time square his conscience as a preacher and church member.

The Imperial Wizard of the Ku Klux, William J. Simmons, of Atlanta, sat all day in the crowded committee room and heard witnesses declare that he was not its actual head, that all powers seemed vested in Edward H. Clark, head of the publicity or propagating bureau and Mrs. Elizabeth Tyler, his assistant.

The committee conducted a hearing on resolutions calling for a congressional investigation of the Klan will put the Imperial Wizard on the stand, probably tomorrow. All the evidence today was by witnesses demanding an inquiry and those who had conducted independent inquiries for the Postoffice department and newspapers.

Postoffice Inspector Talks.
O. B. Williams, a postoffice inspector, told of a seven-day preliminary investigation at and around the Imperial palace at Atlanta.

WEATHER REPORT

Temperatures		
The current, maximum and minimum temperatures as recorded Tuesday were:		
Boston	56	64
Jacksonville, Ill.	47	59
Buffalo	50	56
New York	64	74
Jacksonville, Fla.	74	84
Chicago	48	51
Detroit	43	56
Omaha	48	52
Minneapolis	44	56
Helena	58	66

them, he declared he had no knowledge of such affairs, nor was he able to state whether members of Congress belonged to the organization but, he added, that Simmons had "openly boasted of a congressional membership list."

SMALL CASE GOES TO LAKE COUNTY FOR FINAL TRIAL

Is Selected by Small's Attorneys at the Eleventh Hour

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 11.—Preparations were underway tonight to shift the scene of the Small-Curtis embezzlement and conspiracy trial from Springfield to Waukegan.

In Lake county, as remote as possible from the state capital, Governor Len Small and Vernon Curtis, Grant Park banker, will face charges of embezzlement and conspiracy to defraud the state of \$2,000,000 of public funds during the Small regime as state treasurer. There before a jury, the full story of the "Grant Park bank" will be brought to light. Through this alleged phantom institution, Len Small, as treasurer of Illinois, with Vernon Curtis, is accused of having made transactions involving \$10,000,000 of public money for personal gain.

Following the change of venue to Lake county, granted by Judge Frank W. Burton today after an eleventh hour agreement on that county between State's Attorney Mortimer and counsel for Governor Small, the state's attorney dispatched his chief assistant, Edward Pree, to Waukegan to begin preparations for the trial.

Mr. Pree was arranging to leave for the Lake county capital where news dispatches carried the report that Judge Claire C. Edwards of Waukegan, would be ready to start the case next Monday if both the prosecution and the defense were prepared.

It appeared unlikely tonight that arrangements could be made in time to begin the trial next week. Circuit Clerk Koehn, working on his records today said he probably would not have them completed within a week. Trial of the case will consume from six to eight weeks, according to estimates made by attorneys tonight.

Today's developments indicated that the trial would not begin before early November. Governor Small said today that he favored an early setting of the case.

Second Famous Case for Lake.
Selection of Lake county was the result of long, drawn out negotiations between C. C. Leforge and Werner Schroeder, counsel for the governor, and State's Attorney Mortimer takes to Waukegan the second nationally famous case in which James H. Wilkerson, first assistant attorney general, has participated.

As counsel for the defense, Mr. Wilkerson won an acquittal for Will Orpet, charged with the murder of his sweetheart, in 1915. As representative of Attorney General Brundage in the Small-Curtis cases, Mr. Wilkerson will be one of the attorneys for the prosecution.

McCauley Re-elected State Commander

(By The Associated Press)

DECATUR, Ill., Oct. 11.—For the second time in two years, William R. McCauley, the lanky dough-boy from Olney was unanimously selected by 875 official delegates of the Illinois Department, American Legion, to hold the highest office possible for them to bestow. Against six strong candidates for the office he got away to a flying start as soon as canvass by districts started in the third session Tuesday afternoon and before it was half completed he had an overwhelming lead. It was then that other candidates retired in his favor and by vote of the convention the election was made unanimous.

Other officers elected were as follows:
Senior vice commander—Charles W. Schick, Chicago.
Junior Vice commander—Fredrick L. Pond, Chicago.
State chaplain—Ernest H. Reed, Taylorville.

Delegates at large to the national convention which convenes in Kansas City the last of this month as elected were: W. L. Kelley, Shelbyville; Milton Foreman, Chicago; A. A. Sprague, Chicago; William R. McCauley, Olney; and A. L. Myers, Chicago.

The new state executive committee is as follows:
A. A. Pantelis, Chicago; Louis F. Reinhold, Freeport; George Bring, Jr., Chicago; John A. Hartman, Chicago; Dewitt Cleland, Chicago; Thomas K. Davey, Chicago; William P. Simmons, Chicago.

PROHIBITION JOKES TO BE BARRED IN NEW YORK THEATRES

Government Plans Campaign To Take the Kick Out of Them

NEW YORK, Oct. 11.—A campaign to suppress mirth in theaters aroused by jokes on prohibition officers here, according to Shorman A. Cuneo, director of information of national prohibition headquarters in Washington.

A statement by Mr. Cuneo today indicated that invitations might be sent theatrical managers for a conference looking to action to "inculcate respect for the constitution."

"This invitation," the statement declared, "will be in response to complaints," reaching E. C. Feltlow, acting federal prohibition director for New York from patrons of theaters and movies that pictures and performers in the disreputable of law by derisive remarks or scenes depicting violations.

TO BUILD LEGION MEMORIAL HOME

BLOOMINGTON, Ill., Oct. 11.—It was due to the generosity of Mr. and Mrs. John McBurnes, wealthy farming people of McLean county, that Bloomington was today awarded the permanent location of the head offices of the American Legion of Illinois which was officially decided at the state convention in Decatur. The fact that the McBurnes had presented to the American Legion of Illinois county a gift of a fireproof memorial building to cost \$150,000 in which he records of the state department can be kept, was used as an argument at the Decatur convention for bringing the state headquarters here and the vote stood 300 to 300 in favor of Bloomington when the question came to ballot.

The state headquarters is now in Springfield. The McBurnes Memorial building is to be the second one of its kind in the United States. It will be erected during the coming year.

GIANTS HIT HARD AND EVEN UP GIVE SERIES WITH YANKS

Both Teams Drive Pitchers to Showers at Start of Game

(By The Associated Press)

NEW YORK, Oct. 11.—The Giants evened the world's series game today by taking the sixth game with the Yankees, 5 to 3. Each club has now won three games. Today's game at the Polo Grounds played in mild autumn weather to a crowd of some 34,000 spectators took on for a couple of innings the aspect of a battle of home run hitters. Meanwhile up in the stands, his damaged arm in a sling, sat "Babe" Ruth watching no less than three other men count the ball for home runs before the game was two innings old.

Two of these men were of the opposing clan. The other was "Babe" Ruth's own substitute, the slim and snappy "Chief" Fawcett. Substituted in water lifted the ball into the left field bleachers with a man aboard in the Yankee's second inning, putting his club on the happy side of a two run margin after the home runs of Giant sluggers Emil Meusel and Snyder had cancelled a three run advantage which the American leaguers had acquired in the first inning. The game ultimately and most deservedly went to the Giants thru a thunderous descent upon Pitcher "Bob" Shawkey in the fourth inning which netted four runs and gave "Jesse" Barnes a commanding margin upon which he pitched a game of consummate skill for the remaining innings he occupied the mound.

Barnes Second Choice
Barnes was Manager McGraw's second choice. "Jesse" didn't start the game. Fred Toney did that. Three runs had gone across the plate on a bit of snappy consecutive hitting by the Yankees when he was removed. Barnes prevented further scoring in that inning but in the second a single followed by Fawcett's homer added two runs to the Yankees' total.

The Yankees stopped scoring right there however. Barnes was their master all the rest of the way. He had the American league batsmen constantly guessing, and usually guessing wrong, striking out no less than ten of them. Every regular on the Yankee team was fanned by Barnes at least once, and Aaron Ward struck out twice. It was Barnes' second victory of the series.

Manager Miller Huggins, as well as his managerial opponent, John McGraw, was forced to a second choice of boxmen early in the game. Huggins' first selection, Harry Harper, the Yankee's only off-side twirler, collapsed in the second inning giving way to a three run lead with which his teammates had supplied him. Rather it might be said, the hard hitting Giants took the lead away by main force with the circuit breaker of Meusel and Snyder. Meusel's came with one man on base and Snyder's followed with but an out intervening. Shawkey went in after a National league batsman, Barnes had tapped Harper for a single and worked thru until Frank Baker was put in to bat for him in the eighth.

Given Two Run Lead.
Shawkey took up the pitching burden with the score a tie, and after he had retired the Giants was speedily given two run lead by virtue of his own single and Fawcett's homer. Like Harper, however, he was unable to hold the Yankee advantage. After blanking the Giants in the third he was found for four hits and four runs in the fourth, while two hits and a pass in the sixth netted the Giants an additional tally.

This was plenty for the National Leaguers to win with, given such work in the box as Barnes was supplying. Cheered on by the throngs of Giant rooters in the stands and bleachers, from which the exultant shouts for the Yankees in the game's early stages were speedily thrown out they breezed along triumphantly to the end.

Fawcett's work for the Yankees in Ruth's place was such that no Yankee fan was heard making the Babe's absence an excuse for the defeat. The spy Baltimorean covered lots of ground in the field, pulling off, for one thing, a rattling catch of a foul fly close to the bleachers besides inserting his homer into the proceedings.

The Yankees got away to a flying start in the first inning, Fawcett drew a base on balls, watched Peckinpaugh foul out and went to second on Miller's single to short. Bob Meusel shot a single to center on which Fawcett scored, Miller (Continued on page four.)

NOTHING IS GIVEN OUT AT CLOSE OF LONG CONFERENCES

British and Irish Delegates Held Two Sessions Tuesday—No Notes Were Made of Discussions—Londoners Take But Little Interest in Sessions—Sinn Feiners Pray

(By The Associated Press)

LONDON, Oct. 11.—British and Irish delegates to the conference which aims at settling the future of Ireland held two two-hour sessions at No. 10 Downing street today, adjourning after the afternoon session until Thursday in order to enable Premier Lloyd George to grapple with the unemployment situation.

Both sessions were business-like, even the greetings of Mr. Lloyd George to the visitors from across St. George's channel, being hearty but formal. The official communiqués issued at the conclusion of the proceedings do not disclose the subjects discussed but it was understood that the matter of procedure, upon which the Sinn Fein delegates place much importance, occupied the greater part of the time.

No notes of the speeches and discussions at either meeting were taken. In fact no stenographers were present and both the British and Sinn Fein delegates maintained silence as to what happened. It was gathered, however, that the conference proceeded along anticipated lines and that nothing thus far has occurred to jeopardize its success.

It is probable that the question of alleged breaches of the truce by both sides was taken up as the British and Sinn Fein officials have been much concerned about this subject, both being desirous of having the conference conducted in an atmosphere of peace. The Irish delegates were aware before they came to London of dissatisfaction on the part of the British government regarding the alleged breaches, and they had no intention of unduly stressing that question but were anxious for a mutual understanding.

British Are Irritated
The British authorities also are irritated over the resumed activities of the Sinn Fein police and law courts in Ireland, which are carrying on the work of punishing breaches of ordinary law and adjusting litigation.

Recruiting for the Irish Republican army which in County Clare alone is said to have brought 15,000 men under arms is another matter to which the government has taken exception and so long as any doubt of settlement remains the government will endeavor to secure the position that each party continue just as it was when truce was declared. It is believed that both parties can arrive at a satisfactory arrangement in this regard. The Irish delegates have no complaints to make of their reception by the British cabinet members. They entered duties assigned to them by Dail Eireann with unusually determined looks. Michael Collins being the only one with a smile on his face as he entered and left the conference room. In this he resembled Winston Spencer Churchill, who alone among the British delegates seemed to carry lightly the burden of negotiating.

Arthur Griffith, who as head of the Irish delegation had to reply to the few remarks by Mr. Lloyd George at the opening of the conference and who must state Ireland's position throughout the sessions, does not have the typical Irish fluency of speech and in both public and private conversation he is a slow speaker. But nobody knows the Sinn Fein case better than he.

The average Londoner took little interest in today's sessions, but Irish residents and Sinn Fein sympathizers turned out in force to welcome the Dail Eireann delegates and wish them success in their negotiations.

At the entrance to Downing street during the morning session there was a large crowd which waved Sinn Fein flags, wore the party's colors, sang hymns and recited the Rosary as their representatives were escorted with the British cabinet members.

FIRE PREVENTION DAY PROGRAM AT DAVID PRINCE
Fire Prevention day was observed at the David Prince Junior high school by a fitting program, which included the following:
Uses of Fire—Margaret Benson.
The World's Greatest Fires—William Wainwright.
The Careless Use of Matches—Wanda King.
Dangers of Kerosene and Gasoline—Robert Conover.
Chimneys and Flues—Everett Huggett.
First Aid to the Burned—Elizabeth Hardesty.

SENATORS ARE QUARRELING ON TAX REVISION

Most of Time Tuesday Given to Political Argument

(By The Associated Press)

WASHINGTON, Oct. 11.—The Republican compromise tax revision program was started on its way thru the senate today with the adoption without a dissenting or record vote of an amendment proposing repeal on next January first of the transportation taxes on freight, passengers, Pullman accommodations, express packages and oil by pipe line.

There were increasing evidences, however, both on the floor of the senate and behind the scenes that some of the other compromise proposals would not find as easy sailing.

Senators in the so-called manufacturers block supported by house leaders were all set to launch their fight against the fifty per cent maximum income surtax rate amendment after its introduction. There were reports that this provision would be materially altered in the conference between the house and senate on the completed bill.

House leaders were understood to have made it plain that they would not recede from the original house maximum rate of thirty two per cent but some senators were of the opinion that the reduction likely to be made by the conferees would not be quite as great as 18 per cent.

Before adopting the transportation tax repeal amendment the senate voted down 38 to 39, an amendment by Senator Trammell, Democrat of Florida, proposing that the repeal be effective ten days after the passage of the bill. Disposal of these two amendments constituted practically all progress made today on the bill itself. Much of the day was given over to a political row over the tax bill between Senators Harrison, Democrat, Mississippi, and Watson, Republican, Indiana.

Twits "Old Guard"
Twitting the Republicans on the finance committee for accepting the compromise program, Senator Harrison said he had never known the "old guard" in the senate to be put to such utter rout and surrender without giving battle.

He added that it was singularly strange that Senator Lodge of Massachusetts, the Republican leader attended the meeting of the "bloc" and assisted "in subverting the finance committee."

POTATOES ARE POOLED: LOWER PRICES
Chicago, Oct. 11.—A new co-operative venture in the marketing of potatoes has resulted in a pool of 126 cars during the first two weeks, it was announced today by the Illinois Agricultural association which organizes the movement. The purchasing thus far, officials said, has obtained far better quality of potatoes at a lower price than could have been obtained in individual purchases.

of all news dispatches credited to it
or not otherwise credited in this paper,
and also the local news published
herein.

The suggestion has been made
that the government lend money to
individuals out of employment,
just as it is doing for farmers and
for exporters. The trouble is that
most of the individuals referred to
could not provide security. The
government does not do much in
the loaning line without necessary
collateral.

It has been finally settled that
the trial of Gov. Small for the al-
leged juggling of state funds will
be had at Waukegan, in Lake
county. It is a fine thing that
this mooted question has been
settled and it will be for the best
interest of all the people if the
trial moves swiftly to its comple-
tion. The charges and counter
charges made in connection with
this proceeding are not beneficial
either to individuals or the public.

The unemployment conference
has with fairness outlined the var-
ious conditions and influences
that are responsible for the unsat-
isfactory status of labor and in-
dustry. Now the next important
thing is to provide the remedies
for these conditions. But it must
be admitted that there is benefit
in the focusing of public thought
upon those things that are to be

recognized as the basic difficul-
ties. The conference thus far may
be termed a sort of survey which is
a preparation for the application
of the remedy.

Mr. Lewis, president of the
mine workers, says that the coal
industry is diseased partially be-
cause of the over-production re-
sulting from abnormal conditions.
He sees no remedy for the situa-
tion except nationalization of the
mines for the benefit of the work-
er, the owner and the public. True
it is that the coal situation fur-
nishes one of the nation's dark
spots, but there is nothing in the
record of the past to show that
improvement will come thru na-
tionalization.

A visitor can get an idea of the
immensity of the state's hard road
program by inspection of the work
now in progress between Jack-
sonville and Arnold. Weeks of
preparation were necessary for the
assembling of equipment and ma-
terials. The equipment repre-
sents the investment of a large
sum of money. Sixty men are now
employed and concrete is being
laid at the rate of 500 lineal feet
a day. The contract here is for
something less than 13 miles.

At one letting recently the state
awarded contracts totaling 189
miles and that will constitute only
a small part of the total road work
for the coming year. Millions will
be expended and thousands of peo-
ple employed in this big road build-
ing project of the state.

The New York Times has gath-
ered facts, showing that in the
American army and navy there
are 587 commissioned officers
who are foreign-born. Quite likely,
there are relatively more non-
commissioned officers of foreign
birth. More than 300 of the for-
eign-born officers were natives of
the British empire. There is cer-
tainly no other great nation that
welcomes to positions of authority
in its military forces men not na-
tive born, as does the United
States.

We have unquestionably made
the naturalized citizen a citizen
in fact as well as in name, for we
place him in any high position
except that of president. It might
be better, however, if we made a
little more effort to fill military
positions with native Americans.

without barring the foreign-born,
entirely.

LET MELLON DO IT

Secretary Mellon's request for
full authority to proceed with the
negotiations for funding the for-
eign debt is reasonable and
should be granted. Of the na-
tion's debtors, England at least
is anxious to conclude an ar-
rangement that will enable her
to extend payments of her obli-
gations over a term of years. The
other debtor nations must of ne-
cessity make similar arrange-
ments. Delay in the proceedings
grows out of the apparent un-
willingness of a certain group of
members to intrust the matter to
the secretary of the treasury. This
group would reserve to congress
the right of review and of veto
in the event that the treasury's
settlements was found unsatis-
factory.

That Mr. Mellon is not favorably
disposed to proceed with the mat-
ter under these circumstances can
be readily understood. In the
nature of the case he would make
certain commitments in the name
of the government that he might
find himself unable to carry out
because of a lack of support in
congress. A situation similar to
that growing out of the peace
negotiations might develop that
would be highly embarrassing
and postpone the date when
actual payments could be started.
—Cleveland Plain Dealer.

VICTORY NOTE REDEMPTION.

It is apparent that it will cost
the government virtually nothing
to refund such of the victory notes
as are outstanding when they
mature on May 15, 1923. The
treasury is now borrowing money
on short term certificates at 5
per cent, and there is a tremen-
dous demand for the securities. As
successive issues are offered it is
probable that further reductions
in the interest rate will be made,
and in nineteen months, when
the victory notes mature, the rate
will approximate the average rate
of the two classes of notes.

The total amount now out-
standing is about four and a
quarter million, of which about
one-fifth bear interest at three
and three-fourths per cent and
the balance at four and three-
fourths per cent. The treasury
will not be able to meet those
obligations out of current re-
ceipts, and a refunding operation,
must be resorted to. The new
issue will not mean a heavier in-
terest burden for the government.

MISS RYAN BRIDE OF EUGENE MALONEY

Pretty Wedding Solemnized at
Church of Visitation in Alexan-
der Tuesday Morning—Will
Reside in South Bend, Indiana.

The Church of Visitation at
Alexander was the scene of one of
the prettiest weddings of the
year yesterday morning when the
marriage of Miss Edna Ryan and
Eugene Maloney was solemnized
at 8 o'clock mass. Rev. Father F.
O. Lucius officiated. The church
was beautifully decorated with
garden flowers and ferns.

The bride was attractively
gowned in a simple frock of tulle
over Canton crepe and an artist-
ically draped veil over a pointed
crown caught up with orange
blossoms. She also carried a
bouquet of bride's roses. Miss
Mary Clancy, who is a school
mate and very close friend of the
bride, acted as bride's maid and
wore a dainty frock of Canal
crepe black satin and a picture
hat of the same material, both
trimmed in silver. She carried a
bouquet of Russian roses.

Little Miss Gertrude Ryan,
sister of the bride, was the
charming little flower girl. She
carried a basket of Ward roses
and scattered petals in the path
of the bride.

The best man was Eugene F.
Murphy of Murrayville, who is a
cousin of the groom. Leo Clancy
of this city and Clarence Maloney
of Carrollton were the ushers.

The wedding march from
Lohengrin was played by Miss
Gertrude M. Kunkle of Jack-
sonville and Miss Josephine Gebert
of this city sang, "At Dawning"
and "Ave Maria."

The bride is the daughter of
Mr. and Mrs. O. E. Ryan of Alex-
ander and attended Routt College
in Jacksonville. After her grad-
uation here she also attended Fell
Hall at Normal. She has a
charming personality and was
given many pre-nuptial affairs
by her many friends.

The groom is the son of Mr.
and Mrs. Thomas Maloney of
Jacksonville and was a school
mate of his bride at Routt where
their friendship began. He now
holds a responsible position in
South Bend, Ind., and has an
apartment there all ready for his
bride.

A sumptuous four course break-
fast was served to the immediate
families and close friends of the
contracting parties at the home of
the bride's parents in Alexander.

A beautiful color scheme of pink
and white was carried out in the
dining room.

The newlyweds will make a
trip to Chicago and other points
of interest in the north before
going to South Bend.

BIG FORCE EMPLOYED ON HARD ROAD JOB

Contractor Lonergan Completing
500 Feet of Road Daily—Is Now
Thoroughly Organized for Big Con-
tract—Equipment of Modern
Type.

It took Contractor Walter Lon-
ergan a number of weeks to thor-
oly organize his equipment for the
hard road work east of Jack-
sonville in which he is now engaged.
A visit to the scene of the work
will afford ample proof of how
necessary are these preliminary
preparations for a contract of
such size.

The assembling process also
furnishes ample evidence of the
experience that Mr. Lonergan has
gathered thru a period of success-
ful years in general contract work.
The public will be interested in
knowing that about three-fourths
of a mile of concrete road has
been laid, extending west from Ar-
nold and that the concrete is now
being put down at the rate of 500
lineal feet a day. Some additional
equipment which is to be received
within the course of a very few
days will make it possible to bring
the daily average up to 700 lineal
feet.

The distance to the end of the
hard road is about two and one-
half miles and Mr. Lonergan is
expecting to be able to connect up
the old pavement with the new
he has laid before severe weather
puts an end to the road building
operations. Under normal con-
ditions this road work can continue
until about Nov. 10 without any
special interference from the
weather. Until the thermometer
begins to register below 32 de-
grees above zero the concrete
work can proceed.

Careful Supervision.

An inspection of this work will
also give a clear idea of the care-
ful supervision that the state high-
way department provides in con-
nection with all the contract
work. Mr. Lonergan has an un-
loading and mixing plant at Ar-
nold station and one inspector is
there. His business is to see that
the proper quantities of cement,
sand and gravel are prepared for
the mixer, and that the quality is
in accordance with the specifica-
tions.

At the place of the road work
proper, another inspector is on the
job. His work is to take notice
of the way in which the concrete
is applied and to see further that
the roadway levels are observed
and that a full 7 inch thickness
of concrete is spread upon the
road bed. There are of course
other details of construction
which come under his general su-
pervision, relating to the re-en-
forcement steel, the steel that
underlies the crown etc.

After securing this Morgan
county contract Mr. Lonergan
purchased some additional ma-
chinery, which with the equip-
ment he already owned, put him in
excellent condition for the rapid
and economical handling of the
job. One new piece of machinery
purchased for this work is a
Koching mixer. This is a cater-
pillar construction and can be moved
by its own power. The dump
cars run alongside the mixer on
the industrial track and a crane
equipment which is attached to
the mixer makes it possible to lift
the steel and "dump" from the
cars and empty it into the mixer.
There the sand, gravel and cement
are thoroughly mixed with the water
and the completion of the process
is indicated when a bell rings au-
tomatic. This signifies that the
concrete has been thoroughly mixed
and is ready to be spread upon the
roadway. A movable distribu-
tor makes it possible to pour the
concrete on any part of the road-
way.

The Finishing Machine.
Working just behind the mixer
is the "Lake View" Finishing Ma-
chine, which is required by the
specifications for the work. This
machine is operated by a gasoline
engine which is a part of it, and
the wheels run on the track form-
ed by the steel forms at either side
of the roadway. This machine
spreads, tamps, and traces the
concrete. It saves an immense
amount of manual work and the
result is better than when the old
time methods were used.

The steel forms on each side of
the part of the roadway under con-
struction are seven inches in
height and with a grader operated
with a tractor it is possible to
smooth off the road to the proper
grade.

Mr. Lonergan has four miles of
industrial railroad, which in itself
represents no small investment.
It is made of 24 inch rails in 15
foot sections, all laid on steel ties.

After the work has been com-
pleted between the present hard
road and Arnold, the industrial
track will be run to the east of Ar-
nold about one mile to a point
where the Wabash road will do its
own work. Then the track will be
moved to a point east of Alexan-
der, and not more than one more
mile of the plant will be neces-
sary.

Water an Essential
It is no small thing to provide
the water for a job of this kind
and it has been necessary for Mr.
Lonergan to lay nearly four miles
of 2 inch pipe. The water is now
being pumped from the Midden-
dorf farm and two gasoline en-
gines are in use there, one of them
being held in reserve. Water is
necessary not only for mixing the
concrete but in the after work.
Twenty-four hours after concrete
has been laid it is covered with
earth to a depth of several inches.
It is necessary under the speci-
fications to sprinkle this earth once
a day for fourteen days, then the
earth can be removed. A concrete
road is not open to traffic until 30
days after it has been constructed.

When the weather is at all
warm sun shades constructed from
canvas are placed over the con-
crete soon after it has been laid,

and kept there until the concrete
has dried out to some extent. This
is done to prevent cracking from
excessive heat.

The industrial railroad equip-
ment includes 40 steel dump cars
and the small locomotive. Beds
of different design have been ship-
ped and will be received in the
course of a few days. They are
termed "batch" boxes and each
car will be equipped with two.
In this way the haulage capacity
of the cars will be materially in-
creased.

The Loading Station

Any visitor to the work will be
interested in noting the efficiency
and economies of operation which
are apparent at the loading plant.
With an engine, drum, crane and
clam shell equipment gravel, sand
and other materials are unloaded
from the freight cars to the
ground or in storage bins which
have been erected. There are
three of these storage bins, one for
sand, another for gravel and a
third for cement. The bins dump
automatically into the small cars
which run under them. In each
of the cars is placed 10 cubic feet
of sand, 17 1-2 cubic feet of gravel
and 15 cubic feet of cement. These
three materials are given here in
the proportions required by the
state specifications.

Ordinarily the little locomotive
handles 14 of the loaded cars and
it takes about 20 minutes for a
train of 14 loaded cars to move
from the loading station to the
mixer and return with the 14
empties.

On this contract, which is for
12.661 miles there are about 52-
000 yards of grading together
with 4 bridges and 83 culverts.
Mr. Lonergan is now employing
about 60 men. The grading work
is being handled by a sub-con-
tractor from Springfield. Mr. Cook,
inspector for the highway depart-
ment, is in charge of the loading
station and Mr. Newberger is the
inspector at the mixer.

Mr. Lonergan's foreman is
Richard Moore and J. C. Steele is
the timekeeper. As already men-
tioned Mr. Lonergan also has the
contract for work in Missouri and
is now engaged in laying 20 miles
of road in New Madrid county. He
began this work last April and has
seven miles of road finished. That
is gravel work and entirely differ-
ent from the job here.

Citizens who have inspected
the work in progress have abun-
dantly evidence of the competency
of the contractor and the sufficiency
of his equipment. The work is
also moving along in a way to
show that the specifications are
receiving proper attention. All
that is needed is normal weather
from now until November and the
hard road to Arnold will be a fact.
Then as soon as spring weather
makes it possible Mr. Lonergan
expects to proceed with the work.

DEATHS

St. Hubert.
Miss Elizabeth Steinberg of
Farmington, Ill., died at a local
hospital last night. After being
prepared for burial at Reynolds'
Mortuary, the remains were ac-
companied to Farmington by a
son-in-law, F. H. Anderson.

Wright.
Theodore Wright died at his
home, 502 South Mauvasterre
street, at 8:15 o'clock Tuesday
morning. Decedent was born in
Bowling Green, Mo., February
28, 1890.

He is survived by his widow
and parents. He was a member
of the McCabe M. E. church. The
remains will be shipped to Bow-
ling Green Thursday, where fu-
neral services will be held and
interment made.

Kehl.

Miss Alta Kehl, brief mention
of whose death was made in the
Journal Tuesday morning, was
the daughter of Frank and Mar-
garet E. Preston Kehl of Wood-
son. She was born in Morgan
county, January 20, 1897, and
and passed away at the family
home in Woodson, at 12:50
o'clock, Tuesday morning, Octo-
ber 11.

Decedent is survived by her
parents and the following broth-
ers and sisters: Charles F. Kehl,
Albert M. Kehl, Lorenz S. Kehl,
of Mexico, Mo., Alfred J. Kehl of
Jacksonville, Harry R. Kehl,
Ralph P. Kehl, of Woodson, Mrs.
George Grimsley, Murrayville,
Miss Francis S. Kehl, of Wood-
son.

Miss Kehl was a member of
the Woodson Christian church
and took a prominent part in
the many activities of the church.
She also was a member of the
Eastern Star and M. P. L. and
was highly regarded in a wide
circle of friends.

Funeral services will be held
from the Woodson Christian
church at 10 o'clock Thursday,
in charge of Dr. G. W. Miller.

Mrs. Henry Tegered of Arenz-
ville made a trip to Jacksonville
yesterday.

LAST TIME TODAY

Norma Talmadge
—IN—
'PASSION FLOWER'

The full power of Norma Talmadge's dramatic artistry sweeps
through "The Passion Flower," the tensest of emotional plays.
Never before have you seen Norma Talmadge in a role so full
of dramatic fire. You'll smile with her smiles, sob with her
sobs, love with her love, hate with her hate. Eyes that flash
both love and hate—Lips inviting and then scoffing—Smile
entrancing then alarming—Heart that calls but will not an-
swer—Norma will surprise you as the girl loved of many, yet
innocent of the greater love of one man.

ADDED ATTRACTION—A GOOD TWO REEL COMEDY
Oh! Oh! Uncle! But when two boys sought to fool him he
—Well, only roars of laughter can break through this tangle
of hubbys and wives.

Mrs. Rose M. Brown Gained 20 Pounds in Four Weeks Time

It's Simply Astonishing to See the Wonderful Benefits She Has Derived from Tanlac—Says Terrible Headaches Have Disappeared.

It sounds unreasonable, but I actually gained 20 pounds in less than a month's time by taking Tanlac, and the wonderful benefit derived from the use of this medicine is simply astonishing. Mrs. Rose M. Brown, 313 Third street, Manchester, N. H.

Why, I am so happy to be relieved of my troubles I can really praise this medicine enough. To the time I began taking Tanlac I suffered for something over three years with a very bad form of indigestion.

My appetite was so poor I could scarcely eat a thing. My stomach would be so badly bloated with gas sometimes I was almost unable to go to bed for fear I would actually smother. I felt tired and worn out most of the time and became terribly discouraged over my condition. I often had such violent headaches I was unable to be out of bed for two or three days at a stretch.

"Four bottles of Tanlac completely restored my health and you can see at a glance the wonderful change that has taken place in my condition. I have a splendid appetite now and the terrible trouble has entirely disappeared. I can eat just anything without ever feeling a sign of indigestion. The best of all, I never bothered any more with headaches and this was the great-

MRS. ROSE M. BROWN

est relief of all. I want to tell everybody what this medicine has done for me."

Tanlac is sold in Jacksonville by J. F. Shreve, druggist, and by leading druggists everywhere.—Adv.

HI Y CLUB MET

MONDAY EVENING

The Hi Y club met in regular session at the State Street Presbyterian church last evening with a fine attendance of fifty-four members present.

The ladies of the church served the boys a delicious supper after which the regular business session was held.

The main topic of discussion was concerning a group picture to be taken of the entire club next Tuesday evening while they are at supper.

The next meeting will be held at the State Street church and these arrangements will be made if possible.

After the business session the regular Bible study period with Mr. Findley in charge, was in order.

After the adjournment the membership committee met to discuss some by-laws governing membership in the organization.

Some other matters were also discussed, including initiation, dues, cards and buttons. This committee will meet again before presenting their final report to the club next Tuesday.

Last chance to see "The Blot."

RETURNS FROM RED CROSS CONVENTION

Earl M. Spink, the Morgan county representative to the national convention of the American Red Cross at Columbus, Ohio, has returned bringing the commendation of the national officials for the excellent work being done by the Morgan county chapter in behalf of the ex-service men and along the line of public health work.

The one division that has ample room for improvement in this county is the Junior Red Cross movement. After seeing the exhibits of some of the other county departments of this division, Mr. Spink believes that this is the branch that must expand here.

Mr. Spink brought home with him several copies of Columbus newspapers which contain detailed accounts of the convention. When the Rotary club meets next Friday Mr. Spink will probably give an account of his trip and will also make a report as county representative to the convention, when the next meeting of the executives of the Morgan county chapter of the Red Cross hold their next regular meeting.

Let's exterminate all teaching and preaching. See "The Blot."

W. C. T. U. ELECTS ITS OFFICERS

At a recent meeting of the W. C. T. U., here the officers were elected and the delegates to the state convention now in session in Springfield were named.

Mrs. O. Ellis, the state field worker, was present and made a talk to the members on the W. C. T. U. for the coming year.

The officers are as follows: President, Mrs. Anthony Brannon; Miss Mattie Tapp, vice president; Mrs. Charlotte Gray, treasurer; Miss Olive Blunt, corresponding secretary and press reporter.

The meeting was opened with devotional services led by Miss Blunt and then Mrs. Charlotte Gray and Mrs. Ellis gave reports of the Meredosia institute.

SIDE CURTAIN CAUSES WRECK

H. C. Randall, of Newton, Kans., blames a side curtain for the accident which delayed his auto trip from that place to east-

ern points yesterday, when his car, a Ford, smashed into a concrete bridge buttress two miles west of the city. Mr. Randall was trying to fasten a side curtain and the operation absorbed his attention to the extent that he neglected to guide his car, with disastrous results for the Ford.

The front end of the car was completely smashed and had to be brought to the Ford garage in an "ambulance." It will be several days before the repairs will be completed.

Elmer Mansfield was a city business visitor from Franklin yesterday.

ILLINOIS PLAYS NORMAL SATURDAY

Blue and White Team Makes Second Appearance at Home—Normal Has Many Veterans Back.

Illinois college will play its second home game Saturday afternoon on Illinois field. Illinois Normal will be her opponent and Coach Harmon expects a hard game from the teachers.

Last year Illinois trimmed Normal at Normal by a score of 39 to 7. However, Normal got back nine of her letter men this year and should put up a strong fight. Last Friday she held Eureka to an 8 to 0 score. Eureka kicked two goals from the field and forced Normal to a safety but was unable to cross her goal line. The week previous Eureka had defeated Monmouth by a score of 19 to 0.

Coach Harmon's men came out of the battle with the Missouri state teachers last Saturday in fairly good shape. Some of the men have bruises but it is expected these will be gone before Saturday. The men got some good practice in that game and probably would have won it had Rube been in the lineup from the beginning of the game.

The game Saturday will be called at 3 o'clock. It is rumored that Normal will bring a big delegation of rooters down with her team. Muhl, former coach of Illinois Wesleyan will referee and Moon of Peoria, will act as umpire.

APPLES

I have on track on C. & A. R. R. Car No. N. Y. C. 142256 Carload fine apples, about half Grimes Golden, balance Rambo, Russets and Sweets;

C. OF C. FUNCTIONS DISCUSSED BY FORUM

Calvin Brown of U. S. Chamber of Commerce Made Instructive Address—Round Table Discussion Developed Interesting Facts.

Another meeting of the forum of the Jacksonville Chamber of Commerce was held Tuesday night and was in every way a successful event. A new feature was a dinner served at 6:30 o'clock. Then came a musical program and a symposium of addresses. The principal address was made by Calvin B. Brown, chief of the organization service bureau of the Chamber of Commerce of the U. S.

Mr. Brown had for his theme "The Relation of the Jacksonville Chamber of Commerce to the Nation," and made a very strong address. Dr. Carl E. Black, forum president, presided and there were 110 in attendance at the dinner. At a later hour other members who were unable to be present for the dinner came in for the program.

Two violin solos were splendidly given by Mrs. Minnie H. Higbee, with Miss Myrtle Larimore as accompanist. Both are members of the faculty of the College of Music. Harlan Williamson served as song leader with Willard Wesner at the piano, and there was mass singing which added very materially to the interest of the occasion. Chairman H. M. Capps and Vice Chairman H. A. Perrin of the Budget Campaign committee made brief statements outlining the work of the committee. W. A. Berryman told of the need of an automobile club in Jacksonville, pointing to the excellent work that such organizations are doing in a number of surrounding cities. Thomas Worthington made announcement with reference to the Social Service League annual meeting which is to be held tomorrow night.

After Mr. Brown's address came a round table discussion especially with local interest. Some facts were brought out with reference to a new hotel project, the expansion of retail trade area, the financing of colleges and the housing question.

U. S. Conditions
Mr. Brown said in part: "America today holds a winning hand in the world game, but much depends upon the way she plays it. We have more than a third of all the gold in the world; our banking system has successfully withstood the greatest strain in its history; we have had fair crops; hundreds of millions have been voted for public improvements; there is an unprecedented demand for houses and buildings of all kinds.

"The cost of production is higher than it was before the war and is bound to remain higher, for it is only out of production that the world can pay interest on a war debt of 250 billions of dollars, not to speak of increased cost of government and a higher standard of living to be maintained.

"If prices should get down below the cost of production no power can keep them there. When the period of deflation is over buying will begin. There is nothing in the situation to land discouragement.

"The Chamber of Commerce of the United States represents business in an organized way. It is on guard at the National Capital. Legislation in any way affecting business comes under its immediate observation. It provides machinery for the careful scrutiny of such legislation and for bringing it promptly to the attention of business men throughout the country.

"Through committees of experienced business men, and departments officered and staffed by experts, it makes a study of business problems and renders a service the value of which is being increasingly recognized by the users and beneficiaries of its machinery and service.

The National Viewpoint
"Being a federation of chambers of commerce and trade associations the National Chamber is

in position to get the opinion of its organization members on business problems and legislation, make that opinion known to Congress and obtain a hearing. The close relationship which the National Chamber bears to its organization members gives it a very great interest in their success.

"Busy workshops, fertile fields and easy means of communication from place to place are some of the elements that make a nation great and a nation is but the sum total of its community units. Perhaps many of our national problems could be solved if we could break them up into just as many little pieces as there are well organized community units, leaving it to each to do its bit. This is one of the reasons why we need well organized Chambers of Commerce in every city and town in the country.

"There are certain essential elements in the building and conduct of a successful Chamber of Commerce. The first of these is a strong understanding of the position it occupies in the community life. Those whose support is solicited are entitled to know that it is not organized and conducted in the interest of a group of individuals, but that the yard stick by which all of its activities are to be measured is by the yard stick of community good.

"The second essential is a short, definite, practical program of activities. The people are not only entitled to know what the Chamber of Commerce is, but also what it proposes doing for the community.

"The third essential is the selection of committees with a view to their qualifications for carrying on the work entrusted to them.

"The fourth essential is a budget based upon the work to be done, the revenue for which is obtained from dues paying members.

"Where the public has a right conception of the functions of a Chamber of Commerce, is in agreement with its program of activities and has confidence in the official personnel there is little difficulty in obtaining the money necessary for carrying on the work.

Debt to the Community
"Every man who can afford to pay the dues should belong to his local community organization. No matter how much character a man may have, no matter how clean he may be in his business and private relations, no matter how good a man may be, he is not a good citizen in the local sense at least, unless he does something for the good of the community in which he lives. There is a difference between being a good man and a good citizen, and one of the functions of every Chamber of Commerce is to furnish the people with an opportunity to express their citizenship in constructive counsel and action for the good of the community.

"Your community does not end with your municipal boundary lines. It extends onward and outward to cover your entire retail trade territory. It is the betterment of business, living and marketing conditions in that territory that you should have in mind. Now anything that can be done to better such conditions in your retail trade territory increases purchasing power and adds to the wealth of both merchant and producer. This is a national as well as a local activity. It is doubtful if there is a community anywhere in our country that equals its business and social possibilities. The right sort of committee composed of men familiar with the territory, ought to be able to make definite, practical, convincing statements of what can be attempted, and these statements can be made the opening gun in a campaign to secure a public support of the plans that will secure their accomplishment.

"The retail stores of the town are a most important community asset and should be viewed in that light by the Chamber of Commerce. It is the store that brings the farmer into town to trade.

The larger and more varied the stocks, the better their reputation for good values and fair prices, the more attractive the displays, the better the service and the more courteous and accommodating the salesmen the more rapidly the town will grow as a retail trading center and the wider will be the territory from which it draws trade. Looking upon the store as a community asset the Chamber of Commerce should lend its aid to all movements for better merchandising, and to style shows, dollar day sales, pay up campaigns, exchange of credit information, trade excursions and salesmanship classes.

A Worth While Program
"If you can plan so as to even in a slight degree improve production and transportation facilities, bring about better relations in industry, increase and improve your sales, trade, stimulate your efforts to greater and more intelligent effort, and better living, educational and recreational conditions, you will have taken a part in the national program.

"America today is the creditor nation of the world. It has a compact domestic market making for quantity production and can produce much of what the world needs at a lower cost than many other countries and at the same time pay good wages.

"I have visited over 200 cities during the past year and two and the more I see of organized communities the more confidence I have that the spirit which helped win the war will help maintain peace at home and help restore order, and ultimately prosperity, to a stricken world. We may each do our bit working in our own communities with the tools at our command, always having in mind that whatever of betterment we bring to ourselves we bring to the nation of which we are a part."

MATRIMONY
Miss Alice L. A. Johnson of Jacksonville was married to Mr. A. W. Charleston of Murphysboro, Tenn., Thursday evening at 7 o'clock at their residence, 314 Weaver avenue, North Venice, Ill.

The Rev. R. H. Cato, of A. M. E. church of Lovejoy, Ill., performed the ceremony. There were only a few witnesses present and a quiet wedding predominated. The home was furnished by the groom and was beautifully decorated on the eve of the wedding.

The bride is the daughter of Mr. and Mrs. W. A. Johnson of 718 West Morton avenue of this city. She has a remarkable character and is one of Jacksonville's well educated colored girls. She graduated from Jacksonville H. S. in 1916 and from there went to Wilberforce University, Wilberforce, O., where she spent two years of study in the Normal department at Wilberforce, graduating from there in 1918. She has been teaching school until the present time. For the past two years she taught at Lovejoy, Ill., teaching first grade and music supervisor. The bride is well thought of in Jacksonville, and her many friends who will wish her much joy.

The groom is the son of Mr. and Mrs. Stevens Charleston of Murphysboro, Tenn. For the past 7 years he has been employed as hostler in the Wabash yards, Brooklyn, Ill. He is a very amiable Christian man and all who know him wish him the best success there is.

The bride was attired in a white satin dress, draped with white gorgette and trimmed slightly with white bead medallions, white footwear and gloves and looked very charming in her neatly furnished home.

All her friends wish her much joy, happiness and success.

CLUBS AND SOCIETY
Trinity Women Sew for Near East.
The women of the Trinity church guild held an all-day meeting yesterday at the parish house. The time was spent in sewing on articles for the Near East relief. At noon a luncheon was served and in the afternoon a business meeting was held.

Entertains at Informal Dance.
Miss Edna Carter entertained a number of friends at her home on South Main street last evening in honor of Miss Elsie McCoy of Beaumont, Tex., who is her guest. Ten couples were present and the evening was informally spent in dancing.

Ella Ewing Circle Met Last Evening.
The Ella Ewing missionary circle of the Central Christian church, met last evening at the home of Mrs. Henry Strawn on West College street. Miss Pearl Jewsbury was assistant hostess for the evening.

An entertaining program was given, including a talk by Miss Sarita Jones, of South America, who is a student at Illinois Woman's college. Miss Lorene Dewees sang a group of songs. The program was followed by a pleasant social hour and the hostess served dainty refreshments.

Orleans Country Club Met With Mrs. Curry.
The Orleans Country club met with Mrs. A. A. Curry yesterday. An interesting paper on "Modern Dress" was read by Mrs. Henry Welbourne. The following committees were appointed: Domestic committee, chairman, Mrs. William Clary; Mrs. Samuel Davis, Mr. Charles Strawn, and Mrs. M. Greenleaf; program committee, chairman, Mrs. Frank Drury; Mrs. George Graff, Mrs. Ed Timday, and Mrs. Clark Stevenson.

Westminster Women Hear Paper on "Siam."
The Woman's Foreign Missionary society of Westminster church, met yesterday afternoon with Mrs. A. J. Kitchner at her home on Westminster street. The paper of the afternoon, which was an interesting discussion of missionary work being done in Siam, was presented by Mrs. Annie Smith. A social hour and the serving of refreshments closed the afternoon.

State Street Missionary Society Meets.
Mrs. W. G. Goebel was hostess to the members of the Woman's Foreign Missionary society of the State Street Presbyterian church yesterday afternoon at her home on Duncan place. The members responded to roll call by giving the name of some missionary. The regular program was in charge of J. W. Brown and the subject, "New Roads in the Mountains," was presented in an interesting way. There were a large number of guests present at the meeting. Following the program, afternoon tea was served by the hostess.

Dinner for Cherry-Warren Bridal Party.
The members of the Cherry-Warren bridal party were entertained at a pre-nuptial dinner party given last evening at 7 o'clock at the Colonial Inn. The affair was given by Mr. and Mrs. Cherry, parents of Miss Cora Cherry, whose wedding occurs this evening.

The dinner covers were laid in the dining room of the Colonial Inn and here a most attractive color scheme of pink and white was carried out. Beautiful pink roses were used in the center of the round dinner table, and lighted pink candles shed a soft light over the room. Covers were laid for ten guests and an elaborate and delicious seven-course dinner was served.

The guests included beside Miss Cherry, Norton G. Warren, the groom-to-be, Miss Arline, sister of the bridegroom, who is to be maid of honor, and Dr. John Corlen, the best man, all of Mt. Vernon, Ill. Miss Esthel Purl of Carrollton, and Miss Isabel Woodman of this city, who will be bridesmaids, and Miss Le Nore Kreige of Edwardsville and Miss Marjorie Taylor of Ashland.

The Man Who Said:

"The proof of the pudding is in the eating"—
was only half through

He started a good pudding-proof, but he didn't finish it.

There's a lot of trouble in the world from puddings that taste good but don't do good.

They "eat" well, but that ends the recommendation.

Sanitariums are full of pudding-eaters who stopped the test and forgot to inquire whether their food gave the body what it needed—until the body rebelled.

Grape-Nuts is a food that tastes good and does good. The proof of Grape-Nuts begins in the eating and goes on through the splendid service which Grape-Nuts renders as a real food. Grape-Nuts is the perfected goodness of wheat and malted barley—delicious to taste, easy to digest, and exceptionally rich in nourishment for body and brain.

"There's a Reason" for Grape-Nuts

DR. HARKER GOES TO OKLAHOMA
Dr. J. R. Harker of the Woman's college here, will leave tomorrow for Oklahoma City College, to attend an all day conference on Friday. Dr. Harker is on the evening program for an address and will meet with the college trustees during the day. While at this conference, Dr. Harker will be able to renew his acquaintance with Dr. I. F. Roach, pastor of the First Methodist church of Oklahoma City. Dr. I. F. Roach was at one time one of Dr. Harker's pupils in the grade schools of Waverly.

Dr. Harker served on a committee in Springfield Monday, in the interest of the campaign for five and three fourths million dollars for the Methodist colleges of the state. The meeting yesterday was for organization of a large committee to arrange for the campaign. Dr. Harker, Dr. McCarty of Bloomington, Dr. Antrim of Springfield, Dr. Baker of Urbana and Mrs. Eva C. Fields of Quincy, were the members of this group from the Illinois conference, next Tuesday in Chicago, with Dr. John W. Hancher, the director of college finances of the Methodist church.

SUITS FILED FOR CIRCUIT COURT HEARING
In the office of the circuit clerk Tuesday an assumpsit suit was filed by Wilson & Butler on behalf of J. B. More. The defendant is Solomon Hart and the amount of the indebtedness, \$170.70.

W. B. Sage is the complainant in a suit to quiet title brought against S. Robinson, et al. The land on which it is sought to straighten out the title is located in 13-16-9. The attorneys are Bellatti Bellatti & Moriarty.

Elba Lumley returned yesterday from several days visit with friends in Jerseyville.

ly entertained by the newlyweds Monday night, ice cream, pop, cigars, etc., being generously dispensed by Mr. and Mrs. Muntman.

The opening number of the Community Lyceum course will be given by the Monterey Duo Friday evening at 8 o'clock. Reports direct from Arenzville, where the Monterey Duo recently appeared, indicate that an evening of splendid entertainment will be given by this company.

Season tickets for the five programs of the course are now being sold by the high school students.

Miss Catherine Hogan of Jacksonville, spent Sunday visiting relatives and friends here.

Is your dollar bigger than your brain? See "The Blot."

LICENSTD TO MARRY.
Norton G. Warren, Mt. Vernon; Cora Augusta Cherry, Jacksonville.

Are you a real woman or a clothes-rack? See "The Blot."

TOO LATE TO CLASSIFY?
WANTED—Solicitors, either sex, liberal-commission basis. Call between 5 and 6 o'clock, p. m. 314 West College avenue. 10-12-1f

FOR SALE—Kitchen cabinet, good condition. Call Bell phone 144. 10-12-2t.

STAR CAMP HELD OPEN MEETING
The members of Star Camp No. 171, Royal Neighbors of America, held the first of a series of open meetings at their hall Tuesday evening, and the committee in charge was highly pleased by the large attendance of both members and friends of the order.

Following a brief lodge session, a splendid program of musical numbers, readings and recitations, was given and then the floor was cleared for dancing, which continued until a late hour. Refreshments of ice cream and cake were served during the evening.

Dr. A. E. Prince of Springfield, Ill., will see eye, ear, nose and throat patients in Jacksonville at the Dunlap House on the first Thursday of every month in the afternoon.

CHICKEN SUPPER.
Northminster church, Thursday evening, 6 o'clock. Menu—Fried chicken, mashed potatoes, giblet gravy, glazed sweet potatoes, peas, cabbage salad, bread, butter, jelly, coffee, ice cream, home made cake, 50c.

CHAPIN WOMAN'S CLUB HAD MEETING TUESDAY
Mrs. Phoebe Scott is hostess to Members of Club—Lyceum Course Open Friday Evening—Other Chapin News.

Chapin, Oct. 11.—Mrs. Phoebe Scott, assisted by her daughter, Mrs. E. E. Sidles, very delightfully entertained the Woman's club, Tuesday afternoon, October 11.

Roll call was responded to by naming your birthstone. After the business session, Mrs. Andrew Allen read a very entertaining paper on "Famous Jewels of the World." Among those mentioned was the wonderful crown containing thousands of jewels, made for the late Queen Victoria of England. This was followed by a general discussion on "The Conservation of Human Life."

During the social hour, delicious refreshments were served, consisting of brick ice cream, cake, macaroons and coffee.

The next meeting will be the annual open meeting, at the home of Mr. and Mrs. E. F. Joy, on the evening of October 25.

H. K. Onken was a business visitor in Jacksonville Monday. J. Z. Fox and family were Jacksonville visitors Tuesday. The charivari party was royal.

TWO WEDDINGS AT
WHITE HALL RECENTLY

Alfred W. Nash and Miss Alma Oltman United in Marriage—Wedding of Allen Brannan and Miss Carrie Brooks Solemnized Sunday—Other News Notes.

White Hall, Oct. 10.—A splendid crop of weddings is beginning to mature, with two events matured. Alfred W. Nash, son of Mr. and Mrs. Albert Nash arrived from Pekin Saturday accompanied by Miss Alma H. Oltman, a native of that city, and at 9 o'clock that evening they were accompanied to the Christian church parsonage, by Troy Vermillion and Miss Viola Wright, where they were made man and wife in due form by the pastor, Rev. Charles Ross. The groom has been located in Pekin nearly two years, and is serving an apprenticeship as coppersmith. His bride was formerly a telephone operator there. They were tendered an old-fashioned charivari by the groom's young friends following the marriage, and joy ran high. The couple will reside at Pekin.

Another notable wedding is that of Allen Brannan, senior member of the firm of Brannan & Whiteside, and Miss Carrie Brooks, which took place at the bride's home at 2 o'clock Sunday afternoon, the officiating clergyman being John M. Beadles, uncle of the bride. The double ring ceremony was used, the ring bearer being Master Allen Brooks son of Mr. and Mrs. A. H. Brooks of St. Louis. Mrs. Mildred Brown gave a vocal number, accompanied by her sister, Miss Marion Winn, and Mrs. Brown also played the wedding march. The decorations were yellow and white chrysanthemums, ferns and goldenrod. The gifts from admirers formed a highly valuable collection. Only immediate relatives were present aside from the groom's business associate, C. A. Whiteside. Refreshments were served to a company of eighteen. The bride and groom then left in an automobile for St. Louis to be gone about a week, and upon their return will for the present reside with the bride's parents, Mr. and Mrs. J. O. Brooks on West Bridgeport street. This is a well known and interesting couple and they begin their dual journey under the most promising auspices.

Barn Is Burned.

The barn of J. W. Whorton on South Main street was discovered to be on fire of unknown origin at 9:45 p. m., Sunday and it was almost immediately enveloped with the explosion in a Ford automobile in the barn. The auto belonged to Elmer Stumbough. The new fire truck made a good run as it did last Friday night when a tree in the same neighborhood was set on fire by an electric wire that resulted in the suspension of electric service for a time.

Louis Lowenstein has gone to Kansas City to attend the funeral of Lynn S. Banks, one of the associates of Mr. Lowenstein in developing the Hillview reclamation enterprise. Mr. Banks became a clerk in the ticket office of the C. & A., at Kansas City when a boy, and he has remained at it in the same office until at the time of his death he was general ticket agent in the new terminal station. He was about fifty years of age, and became quite well known about Hillview, White Hall and Roodhouse.

News Notes.

Mr. and Mrs. W. P. Garabrant are here on their annual visit during his vacation period from official duty with the Pennsylvania Railroad.

Miss Isabel Ballow, daughter of Mr. and Mrs. L. B. Ballow, celebrated her seventh birthday anniversary Saturday afternoon at a gathering of youngsters at her home to the number of thirty.

The high school faculty was entertained by Mrs. R. F. Ballard at a delightful function at her home, and it was stated officially that the enrollment has now

reached 195, the largest high school in the county. The entire faculty was present, consisting of Supt. Stone, mathematics; Mr. Lewis, physics and chemistry; C. A. Whiteside, algebra; Miss Brown, domestic science; Miss Frances Sisons, science; Miss Georgine Piper, history; Mr. Thompson, manual training; Mrs. Ballard, English. The new building was opened for use this week, and the second grade has been assigned to it, relieving the main building all up the line.

Mrs. James Egan has returned to DeSoto, Mo., after a visit of a week or so here. Her son, Clint Egan, came up from St. Louis for a week-end visit.

Double-Head Spark Plugs

We guarantee them to fire through oil, grease or water.

With the double head plugs installed in your motor you can tell at a glance the condition of your coils, timer, battery or magneto.

You don't need to run your battery down when you install these plugs.

Once you see them you are convinced.

Road Service and Accident Service

Road Service constitutes out of gas, tire trouble, minor engine troubles.
Phone 383 and we will be promptly on the spot.

Accident service constitutes serious smash ups, collision damage, over embankments, stuck in treacherous ditches, etc.

Remember, we have the equipment to render expert service on the road and, moreover, to completely rebuild, in our shop, any make of car.

On this depends the ultimate life of your car. This is of prime importance to you. See that you consider the final outcome of your repairs from the start.

Ultimately your car must be properly repaired to give satisfaction in operation.

First class repairs are worth any number of "tinkering jobs."

FOR COMMISSIONER
As the Democratic candidate for county commissioner, I will appreciate your vote at the polls. If elected I will seek to do my duty at all times.
Robert S. Hamilton.

Hamburger and ice cream social Woodson Christian church tomorrow night.

DATES ARE SET FOR FARMERS' INSTITUTES

Deviate From Former Plan of
Holding Meeting at One Point
—Three Places Will Have Institutes This Year.

The Morgan County Farmers' institute will follow a new plan in arranging for meetings this fall. Instead of several days' session at one point, an afternoon and evening session will be held for Murrayville, Litterberry and Lynnville. There is a possibility of a fourth day's session for Asbury, as that community wants to entertain an institute at its church. The dates so far are October 18, Murrayville; Oct. 19, Litterberry; and October 20, Lynnville.

P. Albert Hayes, S. A. Brantwell, H. C. Strang, J. A. Litze, S. H. Crum, W. H. Crum, C. A. Beavers, T. R. Watson, C. H. Gibbs, and Fred Scofield, are co-operating with President Charles R. Gibson and Secretary E. R. Hembrough in arranging these meetings. At Murrayville the meeting will happily convene with a chicken pie dinner given by the Ladies' Aid of the M. E. church.

C. C. Perivier of Sheffield, Bureau county, Illinois, and Mrs. J. M. Daniels of Greenville, Bond county, will make the main addresses at these various points. The other features will be announced later.

DAVIS SWITCH

Mr. and Mrs. Otto Grimmelt of west of the city spent Sunday with relatives near Franklin.

Mrs. Sarah Vorhees is spending the week end with Mr. and Mrs. Howard McGee, south of the city.

Rev. A. E. Powell gave a fine sermon Sunday morning at the Presbyterian church in Woodson.

Mrs. Hugh Voorhees, who has been very ill for some time was able to be out Sunday.

Misses Alma and Inez Winer with several of their high school friends attended a week end party at the pleasant home of Mr. and Mrs. Coultas west of the city.

Mrs. Charles Lewis is critically ill at the Passavant hospital in Jacksonville. Mrs. Lewis was stricken with an attack of paralysis about ten days since.

Mr. and Mrs. Jack Leach spent Sunday afternoon with Mr. and Mrs. Charles Burrows in Jacksonville.

Mrs. Doc Butler entertained a number of friends from Palmyra Sunday. While here the visitors attended services at the Woodson Presbyterian church.

Mr. and Mrs. Dick Butler spent Sunday afternoon with Mr. and Mrs. Bert Foster near Jacksonville. Mr. Bert Foster was visiting her mother near Alexander the latter part of last week.

OBITUARY

Frank Blackburn, son of Frank and Mary Louisa Blackburn, was born in Carrollton, Ill., January 17th, 1864. In childhood his parents moved to a farm southeast of Murrayville, Ill., where he attended the public school, and grew to young manhood. When Frank was about 17 or 18 years of age the family moved to a farm within the village limits of Manchester, Ill., where the remainder of his life has been spent. He was united in marriage to Miss Anna Greenwalt, Dec. 18th, 1895. To this union one daughter Miss Mabel was born.

As a citizen Mr. Blackburn was ever alert to the needs of his community and would spare no efforts at his command to advance any movement which would contribute to the common welfare. As a friend and neighbor he was ever ready not only to share the joys of life but to give sympathy and help to all about him when sorrow and trouble had befallen them. Deceased was converted 23rd, 1908, at a revival held by Evangelist Billy Williams, and on March 22nd, 1908, was baptized by Rev. L. W. Hostetter, and united with the Manchester Baptist church, since which time he has ever tried to advance the cause of Christ on earth by regular attendance and attention to church work, being for a number of years a member of the board of church trustees.

He was also a member of the Modern Woodman of America, whose attention shown to him during his last illness, testified to the esteem in which they held him as a neighbor. He was a devoted husband and a loving father, a kind and generous friend to all who knew him.

The final summons came at 8:35 a. m. on Saturday, October 8th. The deceased was the fourth child of a family of seven children, three of whom have preceded him in death, namely: George, Lillie, wife of Henry Shoemaker, and Lucy, wife of Dr. G. N. Lucas. He leaves to mourn his departure, beside the wife and daughter, two sisters, Mary, wife of Charles Festman, Elgin, Ill.; Emma, wife of W. G. Day, of near Manchester, Ill.; and one brother, Edward of Elgin, Ill.

THANKFUL HE WAS NOT A WOMAN

The late Lawson Tait, of England, the great woman's doctor, said he never meant to be a man at night without thanking heaven he was not born a woman. No doctor ever knew better than he what women have to suffer at some times of their lives. It was an American woman, long since passed to her reward, who introduced a combination of roots and herbs called Lydia E. Pinkham's Vegetable Compound, that has proved wonderfully successful in mitigating and relieving diseases of women. It has brought relief to thousands of women who suffered from female ills.—Adv.

ANNOUNCEMENT.
As the candidate for the Republican party for county commissioner selected at the recent convention, I will appreciate support given me at the polls, and if elected will fill the office to the best of my ability.

PRETTY WEDDING AT HOME IN ROODHOUSE

Miss Martha Ann Smith is Bride of David Thompson—Will Reside in Mexico City—Other Roodhouse News Notes.

Roodhouse, Oct. 11.—Miss Martha Ann Smith and David Thompson were united in marriage at 5 o'clock Saturday afternoon, at the home of the bride's parents, Dr. and Mrs. H. W. Smith, in Roodhouse. The ceremony was performed by Justice Floyd E. Thompson of the Illinois supreme court, a brother of the groom, and

was witnessed by only the immediate relatives of the young people. The bride and groom were unattended.

The bride wore a gown of Duchesse lace over white satin and carried a beautiful bouquet of white roses.

Following the wedding at six o'clock dinner was served at the Smith home. Later in the evening Mr. and Mrs. Thompson drove to Springfield, returning to Roodhouse Monday, where they are spending a week among relatives of the bride and groom.

Mr. and Mrs. Thompson will be at home to their friends after November 1 at Mexico City, Mexico. The bride was born and reared

in Roodhouse, where she has a host of friends. She graduated from the Roodhouse high school in 1917, completed the course at Christian college in Columbia, Mo., two years later and studied one year in the state university at Boulder, Colo. The past year she has been at home with her parents. Mrs. Thompson is a charming young woman, possessing the culture and personality which will win for her desirable friends in the new home. She is a musician of no mean ability and has been prominent in social and church circles in her home community.

Mr. Thompson is also a native of this community, the son of Mr. and Mrs. A. A. Thompson, now residing on a farm southeast of White Hall, but for many years residents of Roodhouse township. Mr. Thompson graduated from the Roodhouse high school in the class of 1913. Subsequently he studied law in his brother's office in Rock Island for two years and later took one year's course at Augustine college.

During the world war Mr. Thompson was a member of an aviation corps and achieved quite a reputation as an instructor in the training camps, leaving the service with the rank of first lieutenant. He then became associated with the Mercury Aviation Co. of Los Angeles and thru this connection came to be made general manager of the Mercury Export Co., with headquarters in Mexico City, where he and his bride are to reside.

The 1921 football season opened auspiciously for Roodhouse last Saturday afternoon, when the local community high school team ran away with Pleasant Hill at the American Legion park here to the tune of 117 to 0.

Probably one thousand Odd Fellows and Rebekahs with their families attended the Greene county fair Tuesday for the an-

nual picnic of those orders. The day was in every way one of great pleasure. The fair association had co-operated with the committee in extending the use of the grounds for this occasion, all members of the two orders being admitted without admission charge. At noon the grounds were fairly covered with picnickers, who arrived with baskets of good things to eat. Among those present were contingents from Scott, Morgan and Jersey county. Roodhouse was also well represented.

Veteran W. P. Strunk of Roodhouse was the oldest Odd Fellow on the grounds and was awarded a suitable prize. Three Rebekahs from Roodhouse won prizes in the following events. Mrs. W. Waltrip for being the shortest Rebekah present; Mrs. Clarence Gay for ball throwing contest; Mrs. H. B. Armstrong in the tree for all ladies' running race.

Joseph W. Martin's Cleveland car was taken from in front of the residence Sunday evening and driven something over fifty miles before it was abandoned in the west part of town. The machine bore evidence of some hard driving over muddy roads, and the spot light was missing.

FOOTBALL NOTES

CHICAGO, Oct. 11.—The Illinois-Iowa and the Ohio-Minnesota games hold chief interest in the schedule of Big Ten conference football battles this week end. Iowa has the advantage of two victories this season to one for Illinois.

Last week the Hawkeyes defeated Notre Dame while the only match Illinois has had, that with South Dakota, did not offer a real contest.

When Ohio state, conference champion in 1920, meets Minnesota at Columbus, the two elevens will be handicapped about equally in veterans. The Buckeyes went down before Oberlin last Saturday, 7 to 6. Minnesota will be lacking one of her stars, Arnold Oss, half-back, who was injured in the game with Northwestern on Saturday. Martineau is being trained to fill the hole left by Oss, whose broken leg may keep him out the remainder of the season.

Purdue's meeting with Notre Dame at La Fayette will have great significance in the Hoosier state, for its bearing on the Indiana championship.

Michigan will try its mettle against the Michigan Aggies, a comparative easy aggregation, before its first conference game with Ohio state, at Ann Arbor, October 22.

Coach Stagg yesterday began putting the Maroon team at the University of Chicago through a grind in preparation for the game with Princeton two weeks hence. The two weeks of uninterrupted practice are expected by Maroon followers to develop a team which will offer creditable opposition to the Tigers.

Coach McDevitt of Northwestern, entertainers hope that his team will make a good showing before the Badgers, whom they meet at Evanston, though his team has suffered three defeats already this season, two at the hands of conference elevens.

Oss Out of the Game.
MINNEAPOLIS, Oct. 11.—Aroused by reports on the campus that Arnold Oss, star halfback on the Minnesota football team, had played his last game for the Gophers as a result of injuries suffered in his Northwestern contest last Saturday, students today were preparing to circulate petitions calling on the athletic board of control to sever relations with Northwestern university.

Authors of the petition alleged unsportsmanlike tactics by the visitors and charge that Oss was intentionally injured.

Oss still was confined to a hospital today as the result of his injuries. An X-ray photograph was taken of his right leg yesterday, but physicians declined to say what the examination revealed. It is certain however, that the Maroon and Gold star player will not be able to make the trip with the Minnesota eleven to Columbus for the Ohio state game next Saturday, not even as a spectator.

Says Charges Are False.
CHICAGO, Oct. 11.—Charges of unsportsmanlike tactics by Northwestern football players, which resulted in the injury of Arnold Oss, Minnesota halfback, in last Saturday's game were declared false by Coach McDevitt at Northwestern today.

"I most emphatically deny any intention of hurting Oss," McDevitt said. "It happened that Oss was hurt in the Northwestern game last year, when we surprised Minnesota and beat her, after waiting twenty years to do it. Dr. Williams, (Minnesota coach) admitted his men were not in good physical shape. 'This year Oss' knee was still weak, but he played without a brace. His injury on Saturday resulted from a tackle by Penfield, a 220-pound man, who is so slow any player ought to be ashamed to be hurt by him on a tackle."

MEREDOSIA WOMAN DIED YESTERDAY

Mrs. Isabel Riening Passes Away After Long Illness—Funeral Arrangements Not Made.

Meredosia, Oct. 11.—Mrs. Isabel Elliott Riening passed away at 2 o'clock this morning at her home near this place. She had been suffering from cancer for the past eleven years and bore her sufferings with great fortitude.

Decedent was fifty-four years of age at the time of death. She is survived by her husband and four sons, Stephen of Beardstown, Charles, who resides at LaGrange locks and Rufus and John at home.

Mrs. Riening was a member of the Baptist church and was faithful in her attendance so long as health permitted. She was highly esteemed in this community.

No arrangements for the funeral have been made.

CHOICE PEA GREEN HAY

Yesterday a car of fine choice leafy strictly choice Pea Green Alfalfa Hay arrived in Jacksonville from Colorado. The freight on the Hay amounts to nearly ten dollars per ton. Owners of cows who are particular should without fail call and inspect this hay at CAIN MILLS.

BIRTHDAY PARTY FOR ASHLAND RESIDENT

Mrs. Lou Shafer was pleasantly surprised Sunday morning when her children and their families gathered at her home in Ashland to help her celebrate her fiftyninth birthday. All brought well filled baskets and a delicious dinner was served at noon.

Among those present were Mr. and Mrs. Roy Shafer and family, Mr. and Mrs. Homer Shafer, Mr. and Mrs. Lloyd Shafer and family, Mrs. L. Thomas and son, Miss Nellie Wagner, Mrs. Richard Shafer and Grandmother Oldridge, Mrs. Pearl Pearn and daughter and Edgar Shafer.

PUBLIC SALE

Oct. 15th at 1 p. m., Otis Mason will sell at his place 1½ miles east of Arnold, cattle, hogs, hay and implements.

HAD HOG EXHIBIT AT GREENE COUNTY FAIR

Clarence Quintal, proprietor of Clover Blossom farm near Winchester, has just returned from the Greene county fair where he exhibited his pure bred herd of Hampshire swine. Mr. Quintal was successful in winning in every class with one exception, being second and third in that. He also won champion over all breeds with a Hampshire sow. L. A. Reed, breeder of pure bred Duroc Jersey swine, was the judge.

GETS LEMON FROM NIECE

Matt Minter yesterday received a large lemon from his niece, Mrs. L. P. Anderson of Long Beach, Cal. When Mr. Minter was visiting his niece last summer he saw the lemon growing in the front yard of the home. It was then about the size of a hulled walnut. It will now weigh fully a pound.
